What you need:

- Lost Lagoon layer cut to 10.5cm x 14.8cm
- Lost Lagoon square cut to 7cm x 7cm
- Basic White Square cut to 6.5cm x 6.5cm
- DSP strip cut to 14.3cm x 29cm
- Basic White layer cut to 13.8cm x 7cm
- Adhesive-Backed Swirl Dots

What to do:

- Score the DSP strip at 10cm, 17.5cm and 25cm and fold in a concertina as shown in the photo. TOP TIP: Pay attention to the orientation of your DSP, so the images are the right way up when your card is folded together.
- Glue the largest panel to the front of the large Lost Lagoon piece, with the DSP to the left side.
- Glue the Basic White panel to the DSP as shown in the photo.
- Stamp your sentiment onto the Basic White square. I used Early Espresso ink. Add a fussy cut coffee cup using foam dimensionals.
- Layer the Basic White square onto the Lost Lagoon square. Glue the left hand side of the square onto the front of the card with the DSP folded in.
- Decorate with Adhesive-Backed Swirl Dots
